- Work together for the identification of synergies among programmes
- Establish procedures and working arrangements between instruments
- Establish a monitoring and follow-up system of the actions carried out assess under the applicable regional framework for possible complementary activities
- Promote their respective mechanisms through an information policy aimed towards economic and industrial actors

Satsningar på flyg i Västra Götaland

Aerospace in two regions: Västra Götaland and Region Östergötland

Opportunity to combine strenghts in:

- Aerospace industry
- Research and development in aerospace, manufacturing and ICT
- University research
- Institute R&D
- Manufacturing industry clusters

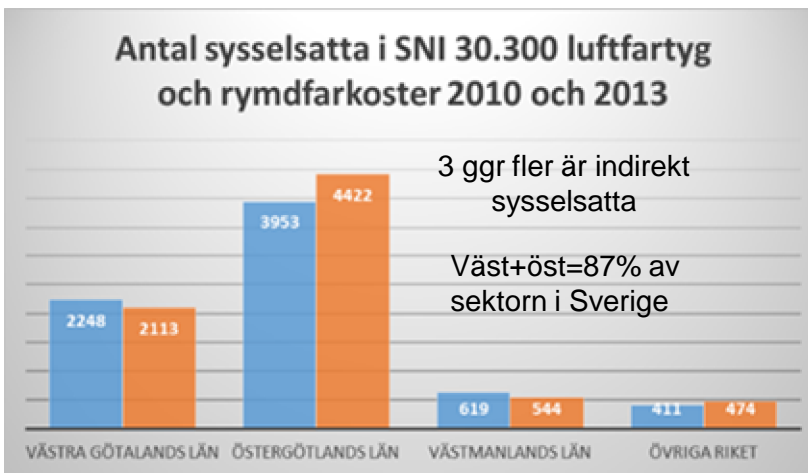

Flyg (och rymd) i Västra Götaland

GKN Aerospace Sweden,
RUAG Space AB,
SAAB AB

Brogren Industries, Tooltec,
Trestads laser, Arcam,
Exova Metech, Elinc
Sweden, Uddevalla
precisions industry, HB
mekaniska, m fl...

Teknikdrivande sektor
Kompetensspridande
Hög utbildningsnivå
Expanderande

VG är tillverknings-,
export-, och FoI-
intensiv region.

Regional strategy of Västra Götaland

Growth Programme

Regional Growth Strategy
Smart Specialisation Strategy

Aerospace theme

1. Aerospace
2. Transportation technology
3. Manufacturing technology
4. Information and communication technology
5. Materials research (incl lightweight)

Focus within theme

- Science Park Lab infra
- Research instruments
- Innovation projects
- Research group collaboration
- International research exchange
- CS2 collaboration...*

Regionala satsningar flyg

MoU: Clean Sky - VGR

Avtal om samverkan

Företagsstöd

FoU-kort Bas, 50.000 kr

FoU-kort Avancerat, 500.000 kr

Konsultcheck, 150.000 kr

IUC, kompetensstöd

Science Parks - basfin.

Innovatum, Trollhättan

Gothia, Skövde

Lindholmen, Göteborg

Science Parks – arenor

PTC / Innovatum

SIM2020 / Gothia

5G & Smarta fabriker / LSP

Samverkansprojekt

Parter: PTC, Swerea, HV, CTH, GKN, SMF, Tillväxtv.

Målgrupper: Komponenttillverkare & SMF

Placering: Swerea och/eller Innovatum

- *Flexible automation Clean Sky/ ERUF / VGR*
- SMF-kartläggning kluster
- Organisering av kluster
- LIGHTer Regional nod, kompetensspridning
- PTC Boost
- MapLab, Fol
- PROSAM, högskolesamverkan
- 3D-metallprint, investering i lab
- 3D-metallprint+, samverkan forskning/företag
- Strategiska samtal VGR och RÖ
