# Aerospace Cluster Sweden

Göran Berlemo

## Hur det började 2010...

- Svenskt flyg 100 år
- Nulink AB studie om flygkluster i Linköping
- Linköping Sveriges flyghuvudstad
- Carl Cederström 1911, Saab, RUAG, Flygvapnet, Flygvapenmuseum...

# ACS 2013-2014

- Lanseras i Almedalen 2013
- Drivs i projektform av Linköpings Näringslivsbolag, Nulink AB
- Mål att under tre år Lansera-Etablera-Utveckla samt ingå i EACP (European Aerospace Cluster Partnership)

# ACS Verksamhetsområden

**Fokus på små och medelstora företag!**

# ACS 2015

# ACS 2016

- Clean Sky tecknar MoU med RÖ och VGR
- Förstudie ”Flygtekniskt styrkeområde”
- ACS ombildas till en Ekonomisk förening

- CALLS
- STRUCTURAL FUNDS AND REGIONS
- VACANCIES
- FACTS AND FIGURES
- EU AGENCIES WORKING FOR YOU

## Structural funds and regions

### Regional Dimension of Clean Sky 2 Joint Undertaking and Synergies with European Structural Investment Funds

The Clean Sky 2 Joint Undertaking (CSJU) is called by its founding Council Regulation no. 558/2014 of 6 May 2014 to develop close interactions with European Structural Investment Funds (ESIF) and to underpin smart specialisation efforts in the field of activities covered by the CSJU.

12 MoU	55 Regions/Countries with priorities in RIS3	7 Pilot projects	4 Synergy Labels
-----------	--	------------------------	------------------------

### Swedish pilot projects (III)

**Evolving Sweden's Future Aerospace Industry through collaboration (SVIFFT):** Aerospace Cluster Sweden was granted regional funding to establish a national aerospace cluster through a joint effort with Western Regions.

The project will also expand one of its pilot projects to establish a national collaboration platform in order to form a national aerospace cluster through a joint effort with Western Regions. The project will also expand one of its pilot projects to establish a national collaboration platform in order to form a national aerospace cluster through a joint effort with Western Regions. The project will also expand one of its pilot projects to establish a national collaboration platform in order to form a national aerospace cluster through a joint effort with Western Regions.

**Partners:** Aerospace Cluster Sweden, Innovatum AB, Swerea IVF, Western Region.

**Financing:** funding through the European Regional Development Fund, Swedish Agency for Economic and Regional Growth, European Structural Investment Funds (ESIF), 40% in cash by Eastern and Western Regions and Aerospace Cluster Sweden.

**Priority 1&2: Capacity building/Infrastructure investments.**

#### Samverkan (Nat kluster)

- Klustermodell
- Samverkansmodell nationellt
- Internationella samarbeten

#### Koppling FoU, innovation, affärer

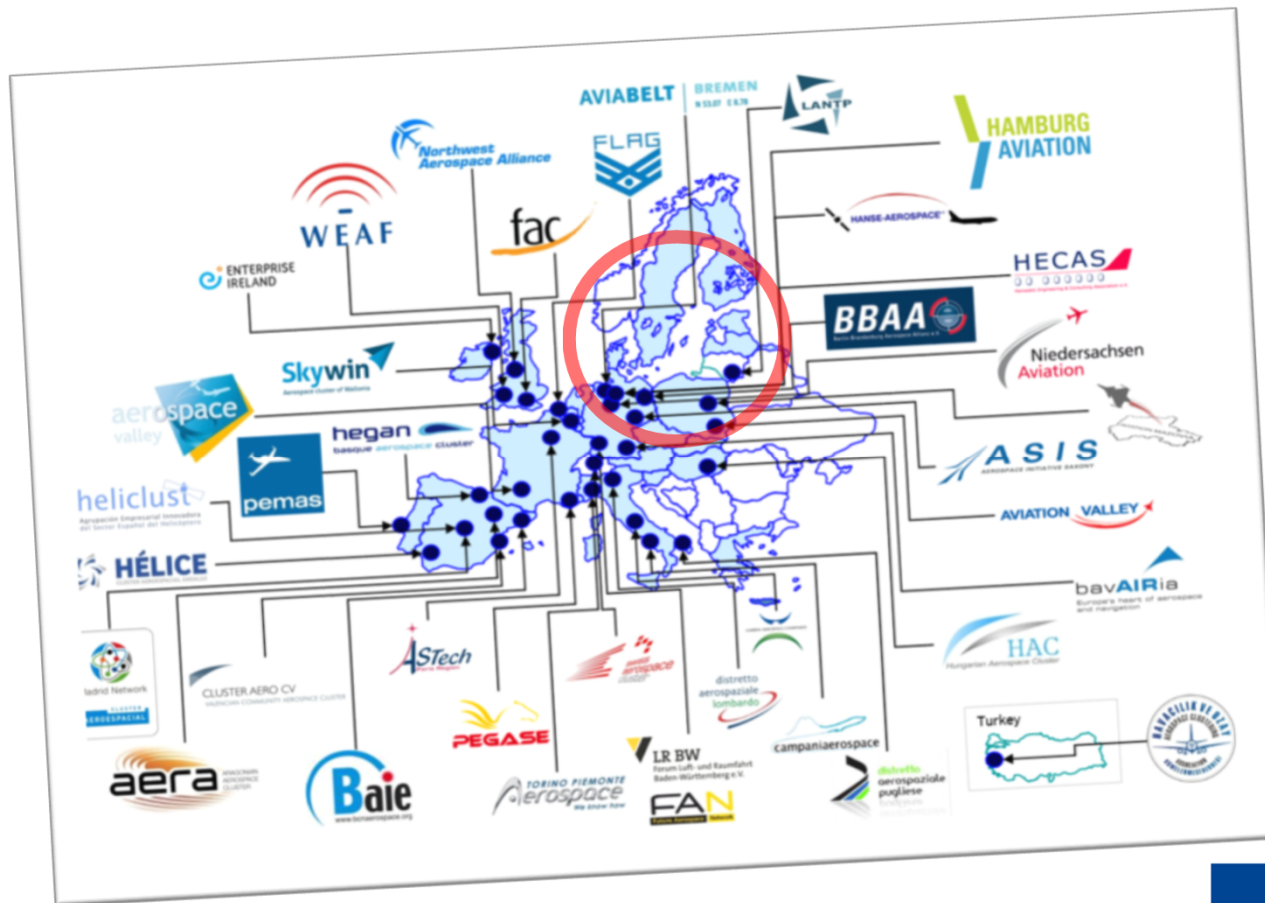

- Forskare/företag träffar
- Workshops, seminarier
- Mässor

#### Produktionsarenor

- Automationslabb
- Virtuellt projektrum
- Inventera behov av liknande arena systemteknik
